## Ms. Katarzyna Chelkowska-Risley

Ms. Katarzyna Chelkowska-Risley is the Deputy District Engineer and Deputy for Project Management in the Chicago District of the U.S. Army Corps of Engineers. The Chicago District is responsible for the planning, design, construction, operation and maintenance of water resources projects, emergency management activities, regulatory permitting, military and Interagency and International Services programs in the Chicago metropolitan area and Northwest Indiana.

Ms. Chelkowska-Risley has more than 25 years combined private sector and Department of Defense civilian experience. Prior to this position, Ms. Chelkowska-Risley served as the Environmental Program Manager for the Headquarter U. S. European Command in Stuttgart, Germany. In this position, Ms. Chelkowska-Risley provided oversight for environmental policies affecting over 30 bases and operations in Defense components in the European theater.

She also served as a key liaison instrumental in negotiating environmental bi-lateral agreements with new U.S. - partner nations. Previously, Ms. Chelkowska-Risley served on the Massachusetts Military Reservation program delivery team in the New England District and worked more than 10 years in the private sector as project manager and lead design engineer for companies in the New York and Boston metropolitan areas.

Ms. Chelkowska-Risley received her Master of Engineering in Civil Engineering from the Stevens Institute of Technology in Hoboken, NJ, and earned Master Business Administration from Bentley University, Waltham, MA. In addition, she also earned a Masters in Environmental Engineering from the Technical University of Gdansk, Poland.

Ms. Chelkowska-Risley is a registered licensed Professional Engineer in the Commonwealth of Massachusetts and DoD Facilities Engineering Level II certified.

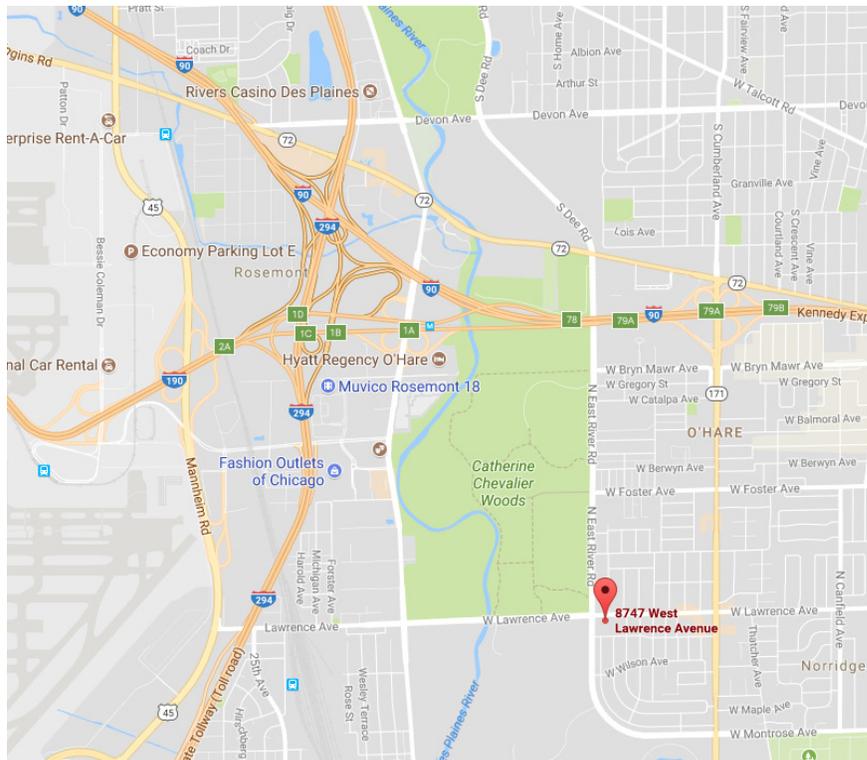

## ABSTRACT

The presentation will provide an overview of the Chicago District, U.S. Army Corps of Engineers, including a brief history of major accomplishments within the area. The focus will include a summary of Civil Works missions of flood and coastal storm risk management, navigation and aquatic ecosystem restoration. Also an overview of some recently completed projects will be provided including the McCook Reservoir, which went online last month culminating nearly 50 years of planning, design and construction. The presentation will conclude with a District outlook, which includes an expansion of our mission into support for other federal agencies such as the Department of Veterans Affairs through the Interagency and International Support (IIS) Program.

## **PAEA Annual Gwiazdka / Christmas Party - Saturday, December 3<sup>rd</sup>**

Saturday December 3<sup>rd</sup>, PAEA members, sympathizers, and guests enjoyed another wonderful time together at our annual Gwiazdka / Christmas Party. Again, Gala Banquets provided great food and service!

In addition to raising our Christmas spirits, including a visit from Santa); we raised over \$2200 for our Ralph Modjeski Scholarship Fund!

The event's success was only possible thanks to efforts and contributions from many people- for this we are very grateful. Thanks to Malgorzata Grochal and the entire PAEA Administration for organizing; to Rene Pietrzak for being our MC; to Marek Rozwadowski for being our Santa; to all who brought sweets for our Sweet Table; and to all who helped set up.

Big thanks to Ewa Mroczek for once again initiating, and to Collins Engineers for their repeat \$500 donation!

And big thanks to Danuta Szymulanski and Wieslawa Dziedzic-Misiewicz for donating their artwork for our very successful Silent Auction! We raised \$680 from this activity!

Thanks also to Migala Communications (WCEV radio) and the Polish Museum of America, for helping get the word out about our event.

Finally, thank you to all who attended (69 adults & 11 children attended)- you not only helped us raise money, but you shared bread with us, and warmed our hearts during this holiday season.

## **Polish Museum of America Looking for Consultants for Great Hall Renovation Project**

The Polish Museum of America would like to reach out to the PAEA Membership & sympathizers to ask for (pro bono) help with exploration, analysis and documentation of an ambitious project to re-organize, modernize, & prepare our jewel of Polonia for the next 80 years! The PMA is in the beginning planning stages of a renovation of the Sabina P. Logisz Great Hall, including the main hall, stage area, bathrooms, and other spaces on the floor.

Help is urgently needed in planning the space, creating accurate drawings, structural analysis to evaluate current & future proposals, etc. If interested in supporting this critical and major initiative, please contact Mrs. Victoria Granacki ([Granacki@aol.com](mailto:Granacki@aol.com) ; 773.472.1371).
