SPEAKERS: Ms. Emilia Czyszczon

TOPIC: Taking a Different Path: From Lab Bench to Public Service

Ms. Emilia Czyszczon

Emilia Czyszczon was born and raised on the northwest side of Chicago. She is the product of two Polish engineering immigrants who understand the perils of socialism and instilled in Emilia a love for their adoptive country, the United States, where they sought to make a better life.

Emilia earned a biological engineering degree and an MBA from Purdue University. As a student, she discovered a biological virus in a cave which was named after her, and which has the opportunity to be used as an alternative medicine to antibiotics. For the last 5 years, Emilia has worked in life sciences consulting, aiding medical device and pharmaceutical companies to solve

business and regulatory challenges.

Driven to help others, Emilia spearheaded the move to eliminate the office of Recorder of Deeds and consolidate it with the office with the Lake County Clerk's Office to help the residents of Lake County lower their tax burden and drive governmental efficiency with smaller government.

Ms. Czyszczon is currently running for the office of Recorder of Deeds of Lake County:
